

Hello, new Antioch students!

On behalf of the Office of Academic Affairs, I welcome you to Antioch College. My name is [Scott Millen](#) and I am one of the biology professors and the Associate Dean of Academic Affairs. Writing, mathematics, and non-english language skills will be the foundation of your academic journey here at Antioch; consequently, we use three assessments in these areas to determine which courses incoming students should take in their first year. These assessments are not tests that you can fail.

Writing and Math assessments:

Both the writing and math assessments are offered multiple times over the summer in order to accommodate schedules; there are on-campus and virtual options for each. Please see the visual below for details regarding each assessment and follow the [link to register](#) for your chosen assessment dates.

ANTIOCH COLLEGE		JULY 2022				
MON	TUE	WED	THU	FRI		
4	5	6 Writing Placement	7	8 Math Placement 5:30pm-7:30pm		
11	12 Math Placement 10am-noon	13	14 Writing Placement	15		
18	19	20 Writing Placement	21	22 Math Placement 5:30pm-7:30pm		
25	26 Math Placement 10am-noon	27	28 Writing Placement	29		

- Writing Placement**
 - You may be exempt if you have:
 - transfer credits for English Composition,
 - ACT score of 29+ for English or 11+ for Writing
 - SAT score of 650+ on Evidence-Based Reading and Writing section
 - AP Language and Composition score of 4+
 - Choose one of four available dates
 - 24 hour window to complete the prompt
 - at-home, if you have technology and prefer
 - on-campus, if you're local and prefer
 - other arrangements possible
- Math Placement**
 - "ALEKS", an online, adaptive learning program
 - Review and practice tests available before placement test administered
 - Choose one of four available dates
 - 2 hour testing window, with room to extend for accommodations as needed
 - at-home, if you have technology (including webcam) and prefer
 - on-campus, if you're local and prefer
 - other arrangements possible
- Language Placement**
 - Watch your Antioch email for communication from one of the Language faculty after you register

Register for your Placement Assessment [here](#)

If you anticipate needing extra time or additional accommodations for one or both placement tests, please check your inbox for an email from our [Student Success Services Coordinator, Jamin Kollasch](#). He will be reaching out to all students beginning the week of June 13th to identify individual accommodation needs and implementation for placement testing where needed.

Language assessment:

All Antioch students are required to take a foreign language (unless you have an approved accommodation which is registered through our office of Student Success). If you wish to pursue applying for an accommodation, please check your inbox for an email from [Jamin Kollasch](#) (information listed above).

- If you wish to start from the beginning of a language, assessment is not needed.

- If you already have non-english language skills that you would like to build upon, then our Language Faculty will reach out to you.

To register for your Placement Assessments, please follow this [link](#).

Application page forms:

Please be sure to review your application status page and complete all forms available. We use this information to connect incoming students with people and services on-campus and to better prepare for your arrival.

I look forward to meeting you.

[Scott H. Millen, PhD](#)

Assistant Professor of Biochemistry and Molecular Biology

Associate Dean of Academic Affairs
